- Custom Sizes Available

The **EASY EMPTY** Container is the only true self-dumping hopper on the market to date. As the forklift tilts the mast just a few degrees forward, the **EASY EMPTY** Container will tip and the unique self-locking mechanism will release the door. Simply tilt the mast back or lower to the ground, and the **EASY EMPTY** Container will reset and the door is locked. Within seconds the **EASY EMPTY** Container is ready to go back to work! *It's just that EASY!*

Made in the USA

Model	Cubic Yards	A	B	C	D	Weight (lbs)
12 ga. with 3/16" base
